

NEWS AND VIEWS . . .

And What Have You

By BOB CRAIG

Because of newspaper deadlines this column has to be written before the election results are in, in fact it is being written even before the votes have been cast. Therefore, at this time we have no idea who our next president is going to be. We can only hope that the vote is decisive enough so that the winner is at least known by the time you are reading this.

Regardless of which of the candidates wins we suspect that the nation will survive his victory much better than his opponents claim. This nation has done pretty well down through the years with a great variety of presidents and we doubt that the next four years will be too different.

One thing seems for sure though, unless the new president can perform some sort of miracle and unite this nation in a course of action that will benefit us all, he is in for a rough time.

We seem to be faced with the situation where we have a minority group of extremists on the two sides demanding all or nothing and the great majority in the middle that just wants to be left alone.

This would appear to have been President Johnson's biggest problem. We doubt if really very much of the hate and dissatisfaction for this man stemmed from any thing he did or did not do, but rather was more the mood of our times.

On most issues during his term in office he stayed pretty well in the middle not going to either extreme but he was not liberal enough for the liberals and not conservative enough for the conservatives and the people in the middle that should have backed him either did not care or did not know what they wanted.

The biggest chore for the new president, it appears to us is to end this picture of hate that our nation seems to project. There seems to be so little understanding by either side of any of the issues facing us today. And for a nation that was founded on the principles of Christianity and brotherly love this is a shame.

The answers to most of our problems lies somewhere in between the two factions that line up on every issue. It does not matter whether the issue is race, welfare, war or any of the other major problems, the answers will have to be compromises if they are to succeed.

Even this word compromise seems to have become almost a dirty word. And this too is bad because compromise is what democracy is all about. We have those that seem to think that to compromise an issue is to sell out one's principles, but even the basic freedom of free speech is a compromise.

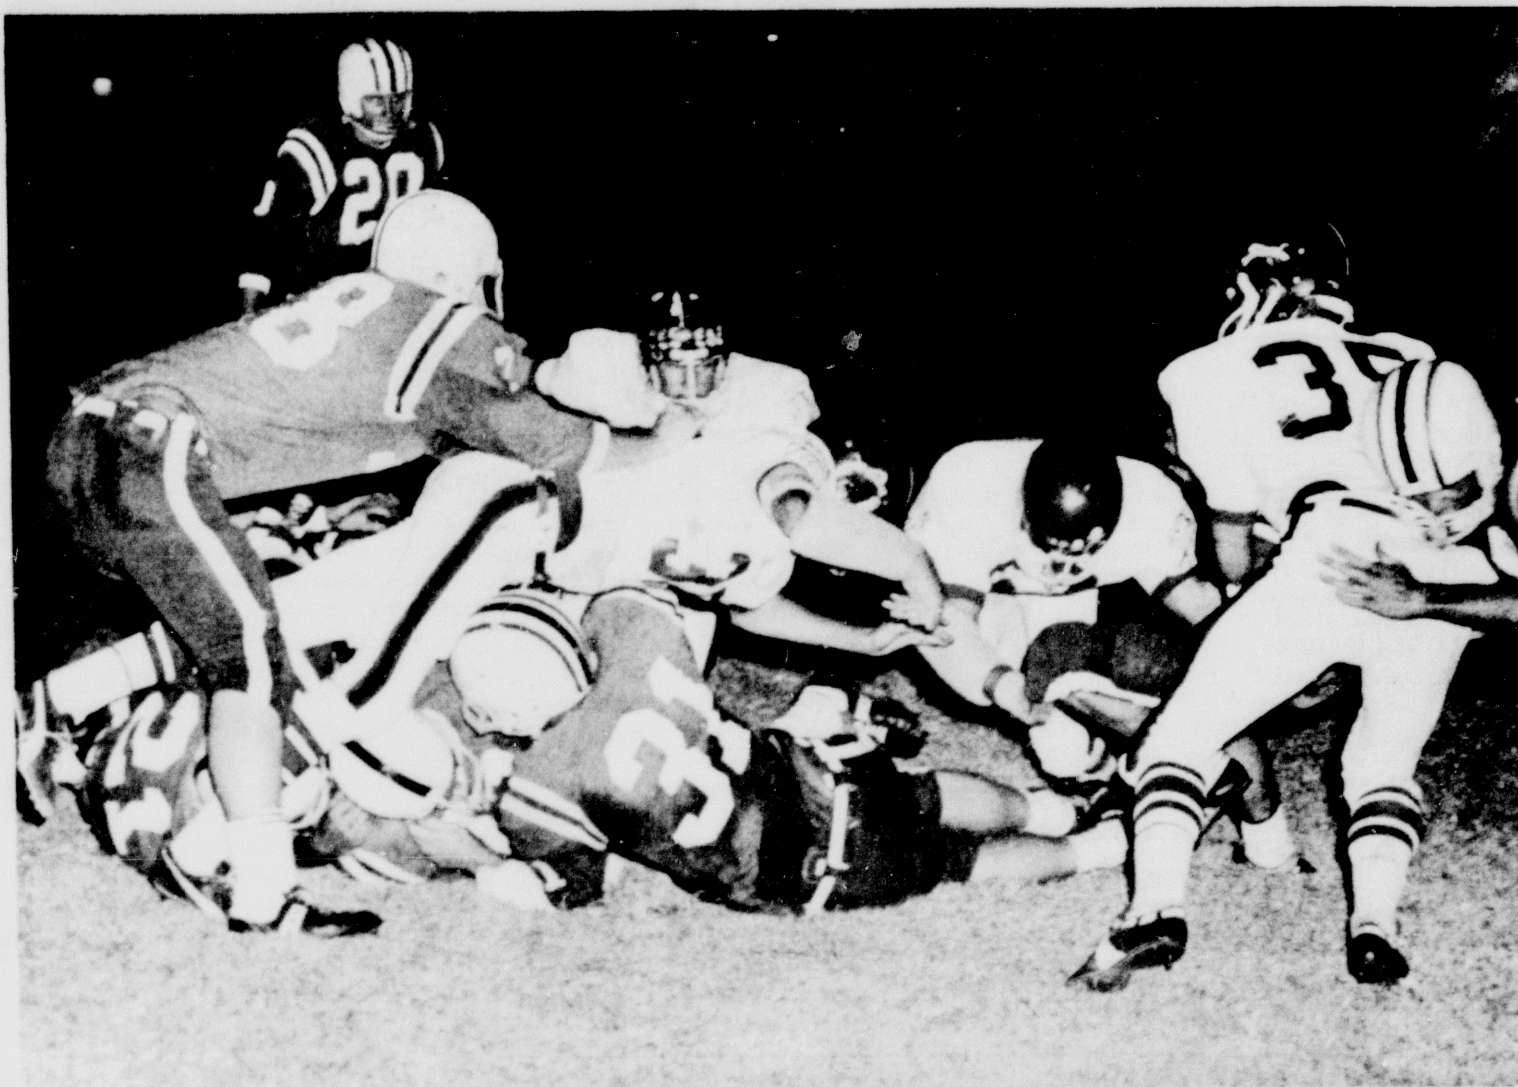

For my free speech must end where yours begins or else one of us loses a part of our freedom. This has to be the basic concept of our whole system of government and the part that seems to be overlooked so often.

The whole question of federal spending for education, welfare, city slums and the whole host demands on government money must be settled on the basis of a compromise. The need, regardless of how great, must be compromised by our ability to pay and remain solvent.

We do not envy the task facing our next president. The whole nation appears to be looking for simple answers to problems so complex that there may not even be answers for much less simple ones.

One can only wonder why men who appear to have a comfortable and successful life will fight so hard to win such a thankless job as president.

For this nation's sake, we wish the new president a successful term of office and hope that he can lead us out of this wilderness of despair we seem to find ourselves and this nation in.

FORD BACKS IN FOR TD--Tailback Spencer Ford, barely visible in the right of the picture, backs his way across the Anson goal line here Friday night. The score was made three yards out early in the first period. The Pipers won 7-0. Ford is backing into

Tiger Lonnie Carnes (35) and is being helped by an unidentified Piper to the right of the picture. Other Pipers helping to block are Mike Young (78), Gary Smith (21), and Don Smith (31). In the background is Quarterback James Asher (20). (Photo by Tim Jones)

Best Cotton Harvest In Years Nears End

The best cotton harvest in several years is a little over half completed according to managers of the two local gins.

The Hamlin Farmers Coop Gin has weighed in 4500 bales as of Monday, according to Watts Fletcher, manager, and the Farmers Coop Gin of Neinda had ginned 2810, according to Hollis Madden, manager.

Madden said that he thought that they would gin around 4500 bales. Fletcher said he looks for about 7000 bales before the season is over. Both men thought that the bulk of the cotton would be in the next ten days or so if the weather holds.

The Hamlin Farmers Compress reported Monday that they had weighed in about 20,000 bales and expect to receive about 30,000 in all. The compress serves nine area gins and weighed in 6,534 bales last week.

Reports indicate that the above average crop is running from one-half to a bale and three-quarters to an acre and is grading good. The price is averaging from 19 to 21 cents a pound with some better staple cotton bringing from 23 to 24 cents a pound.

Both gins and the compress report that a shortage of help is causing some difficulty in getting the crop out.

With the damp weather over the weekend, both gins caught up or nearly caught

up by Monday, but were back in full operation Monday afternoon. The gin at Neinda caught up at 6 a.m. Monday but were getting behind by Monday afternoon. The gin is running 24 hours a day and ginning about 175 to 185 bales every 24 hours.

The Hamlin gin had about 100 bales on the yard Monday

afternoon and is ginning about 1400 bales a week.

Fletcher said that his October earnings equaled the ginning of October, 1963, and that he felt that the total for the year would exceed the 1963 crop.

The grading office in Abilene is reported to be running about 50,000 bales behind.

Hamlin High School Student Council, presently serving as secretary for the district, will host the eighteenth annual district meeting of the Oil Belt District Student Council, District Two, here Saturday in the high school building.

Theme for the meeting is "Learners Today -- Leaders Tomorrow." Some 20 schools are expected to attend.

Registration begins at 8:30 and the general assembly in the cafeteria is at 9:30.

Pat Perrin, local president, will give greetings from the Hamlin Student Council.

Gil Lain will give the in-

vocation. The National Honor Society will be in charge of the flag ceremony. Mike Brown, Senior Class president will lead the pledge to the flag. "America the Beautiful" will be by Joey Duncan, with Tony Lewis, pianist.

Supt. C. F. Cook will give the welcome.

The speaker, Coach Merrill Green of Cooper High School, Abilene, will be introduced by Pete Baldwin of Cooper, district president.

Baldwin will also introduce district officers and sponsors. Beth Craig, district secretary, will give announcements.

Discussion groups will be held from 10:45 to 11:20 and

Mrs. Guy Weaver To Present P-TA Program Today

"Family Involvement in Educational Changes" will be the topic for the 4 p.m. meeting of the Hamlin Elementary Parent-Teachers Association today (Thursday).

Mrs. Guy Weaver will be the speaker and a film, "The Quiet Revolution" will be shown.

Entertainment will be presented by the Fifth Grade.

Mrs. Bill Davis, president, will preside and also give the thought for the month.

Hamlin High to Host Student Council Meet

from 11:20 to 12.

Following lunch from 12 to 1:30 p.m. the business meeting will be held in the cafeteria. Group reports will be given by Gary Grissom, vice president, of Stamford.

Baldwin will preside for the election of officer schools. Hamlin will be seeking the office of vice president.

Milburn Wink and Ms. Joe Youngblood are Student Council sponsors.

Teachers Attend English Workshop At Wichita Falls

Mrs. Donley Williams, Hamlin Junior High teacher, Mrs. L. R. Fowler and Mrs. Charles Scott, Hamlin High School teachers, attended the Texas Joint English Committee Workshop, Oil Belt Division, in Wichita Falls Saturday.

Mrs. Fowler served as recorder for a section on the Responsibility of Language in the Fused Program. Mrs. Williams and Mrs. Scott attended the section on the Responsibility of Composition in the Fused Program.

Mrs. Scott was elected corresponding secretary for the Oil Belt District for next year.

Junior Varsity To Host Haskell

The Piper Junior Varsity will host the Haskell B Team here tonight, Thursday, at 7:30.

The JV's defeated the Anson B Team last Thursday, 8-0, in a defensive battle with the winning score coming on a pass interception by Greg Perrin.

Jones Co Voters Back Humphrey

Hamlin and other Jones County voters joined most other area counties in supporting Hubert Humphrey for president in Tuesday's election. As of early Wednesday morning the nation wide results were still in doubt as to the winner but Richard Nixon was leading.

The county totals in the presidential race show Humphrey-Muskie winning with 2370 votes, followed by Nixon-Agnew with 1676, and Wallace-LeMay trailing with 931. This is with all boxes complete in the county.

The Hamlin East box voted 139 for Humphrey, 57 for Nixon, and 10 for Wallace. In the West box Humphrey received 389, Nixon 245 and Wallace 109. The Stamford East box was the only major box in the county to give Nixon a majority with 352 votes for Nixon, 286 for Humphrey, and 121 for Wallace.

The Stamford West box gave Humphrey 332, Nixon 225 and Wallace 132. The four Anson boxes, in combined totals, gave Humphrey 619, Nixon 314 and Wallace 215.

The only results available early Wednesday morning from the Stamford West box was in the presidential race. All other county totals are incomplete with nearly 700 votes out.

In the race for governor, Preston Smith led in Jones county as he did state-wide with 3,038 to Paul Eggers' 1,083. Ben Barnes, Democratic candidate for Lt. Governor,

was the top vote getter in both Jones County and in the state with 3,487 to Republican Doug DeCluitt's 664.

Jones County voters apparently approved seven of the 14 Constitutional Amendments passing the state retirement fund, the U-T fund, the pollution curbs, the end of ad valorem, the teacher retirement, the industrial bonds, and the legislative terms.

Bill Rountree To Attend Water Utilities Course

AUSTIN — Hamlin will be represented at this year's 20th Annual West Texas Regional Water Utilities Short School in Lubbock Monday through Wednesday by W. G. Rountree, water and sewer superintendent.

About 550 persons are expected to attend this year's event which is sponsored annually by the City of Lubbock, the 10 water utilities associations of the state and the Texas State Department of Health. Training schools such as this are required by the State Health Department before a waterworks plant operator can become certified.

The three-day-school which stresses the latest techniques in modern water distribution management — will include classroom and workshop activities, technical reports and examination for certification.

Noted authorities in the field of water plant management are scheduled speakers

P-TA, Jaycees to Sponsor Mass Measles Vaccination Here Nov. 14

"Measles Must Go" Campaign will be staged locally by the Hamlin Jaycees and the Hamlin Elementary Parent-Teachers Association. The mass measles vaccination for children 12 months through the sixth grade will be held Thursday, Nov. 14 from 1:30 to 3:30 p.m. at the primary school.

Working with the campaign are Mrs. Bill Davis, P-TA president; Guy Weaver, Jaycee chairman; Dr. E. D. Perrin public health officer; Mrs. W. W. Wallace, public school nurse; and Charles Absher, administrator at Hamlin Memorial Hospital.

This group met last week with John Black of the Texas State Health Department to make plans for the mass vaccination.

Those who should have the measles vaccine are children 12 months through sixth grade who have not had regular (German-Red, 10-day) measles or previous measles vaccination. Children who have had either of these are already immune and need no additional protection.

Those who should not have the vaccine are children sick with high fever on the day of the vaccination program; children who are highly al-

lergic to eggs and feathers; and children who are being treated for cancer, leukemia or tuberculosis.

If a child is under a doctor's care on Nov. 14, the doctor should be consulted.

All pre-school children must be accompanied by a parent or other responsible adult over 21 years of age.

If parents do not remember if their children have had the measles vaccine, authorities say they should receive the shot. There are no ill effects from additional dosage and this would make certain that the child is protected.

All children must have the permission slip signed by the parent or guardian before they may receive the vaccine.

Those with pre-school children who need a ride to the school to take the measles shot may call 576-3317 for transportation.

The shot, believed at this time to provide lifetime immunity, is given with jet injection guns. There are no needles. Cost of the shot would normally be \$6 but under the sponsorship of the two organizations the shot will be free.

A registration form is included in this edition of the Herald.

Pipers Tangle With League Leading Bulldogs At Stamford

The Pied Pipers will be going up against the league leading Stamford Bulldogs Friday night in Bulldog Stadium fresh from their 7-0 victory over the Anson Tigers last week. The Bulldogs edged out a tough Winters eleven last week 14-6 to keep their district lead.

The Bulldogs are undefeated in district play while the Pipers have won two and lost three.

In other action this week, the Ballinger Bearcats, who are a half game behind Stamford, will play a crucial tilt with Winters. Merkel will play at Coleman and Haskell will host Anson in a rematch. Haskell defeated Anson early in the season in a non-conference game.

While Stamford and Hamlin were winning their games last week, Ballinger was defeating Merkel, 21-13, and Haskell and Coleman were playing to a 21-21 tie.

Coach Joe Youngblood told the Booster Club Monday night that he was proud of the way the boys played in the Anson game Friday night. Adding that it was a real tough contest, he said that he secondary played exceptionally well gathering in three interceptions.

Scouting reports here indicate that the Bulldogs are a real sound team that does not make many mistakes. Though not as fast as last year they are quick. They stay on the ground most of the time but come up with the big

pass play when they need it. Top running back for the Bulldogs is Fullback Raul Vasquez, who at 160 pounds is a real hard runner. He played tailback for the Bulldogs last year.

Probable starters in the line for Stamford will be Jerry Rice, 156, and Gary Walker, 177, at the ends, Butch Miller, 191, and David Duggan, 156, at the tackles; Randy Petterson, 154, and Martin Alambar, 201, at the guards; and Lloyd Lacy, 195, at center. In the backfield will be Gary Grissom, 145, at quarterback; Eddie Wilson, 163, at tailback; Choya Teichelman, 165, at wingback; and Vasquez at fullback. Griffin High, 159, operates at the quarterback slot part of the time.

NEWS FROM . . .

Sylvester

By MRS R M BARR

Cool! No it is cold this Monday morning but warming up some now. We had .10 in. of rain the other morning but still not enough.

Tommy and Eva Gean Wilson drove down last Thursday night and took Mrs. Gladys Williams to Abilene to the doctor and he had them enter her in the hospital in Sweetwater. Her blood pressure was quite high.

Due to the illness of the pastor of the Baptist Church, Bro. Billy Oliver of Hardin-Simmons University filled the pulpit on Sunday.

Mr. Med Herron, Lea Dickerson and Mrs. Mut Early are still in Hamlin Hospital at this writing.

Mr. M. D. Brown visited with his brother in Post last Thursday.

Mr. Gordon Davis is ill at this time but is better.

Mrs. Joe Spikes of Abilene, Mrs. A. T. Williams of Odessa, and Mrs. Harry Suter and daughter, Dixie of Gautier, Miss. have enjoyed a visit with their father, Henry Ward, in their sister's home, Mrs. Roy Kiser. Mr. Ward is feeling

much better.

Mrs. Janie Bartley of Brownfield and two sons spent the weekend with her parents, Mr. and Mrs. Fred Turner.

Mr. and Mrs. Snyder of Sweetwater visited in her sister's home on Sunday afternoon. Mr. and Mrs. Homer Pursley.

Happy Birthday to Kay Dobbs and Mrs. E. F. Lawlis. Mrs. E. F. Lawlis had all of her children except Howard, who had to work, with her, even her great grandsons, the Bob Lawlis boys.

Mrs. Woodrow Lawlis attended the Training Union Regional Meeting in Abilene last Tuesday and Rev. Don Forrester and wife attended the evening session.

Mrs. Charles Scott wasn't feeling too well over the weekend.

Mrs. Maggie Wilder has returned from California where she visited in Los Angeles and San Francisco and had a great time.

Miss Cindy Beck of Texas Tech spent the weekend at home with her parents, Mr. and Mrs. James Beck.

Special Ship to Carry Christmas Packages Servicemen In Vietnam

Tons of St. Nick's gifts will be going to members of the Armed Forces in Vietnam by special ship this year, thanks to a joint Pentagon-Post Office venture.

A fast U. S. cargo ship will be designated the "1968 SANTA CLAUS SPECIAL," sailing from Oakland, California next month with Christmas parcels.

To meet the sailing deadline and assure pre-holiday delivery of gifts sent with surface postage, items should be mailed during the October 14-November 9 period. They should be marked "SANTA CLAUS SPECIAL" just below the stamps.

The "SANTA CLAUS SPECIAL" will sail during the latter half of November and stop at Da Nang, Qui Nhon, Cam Rahn Bay and Saigon, Vietnam. It takes approximately three weeks for a fast ship to cross the ocean.

All gifts should be packed in strong containers with adequate cushioning and correctly addressed, including APO and FPO numbers.

There are several options available for mailing to the military which can save money. Post offices across the nation have free pamphlets which outline the mailing programs for servicemen and women overseas.

Colors are printed on cotton cloth much like printing on paper.

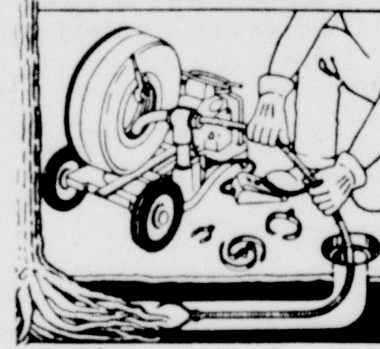

Chief Wasson called on President Max Brown to assist in several numbers. President Brown presided during the business session and introduced Mike Young and Bill Johnson, student Rotarians of the month.

Sunday visiting her parents, Mr. and Mrs. H. L. Boles. Other visitors in the Boles home last weekend included Mrs. Aggie Belle Boles and Joe Mack of Hamlin.

Mrs. LeCroy Gives Literary Club Program Friday

Mrs. Douglas LeCroy was hostess and presented the program for the Friday afternoon meeting of the Woman's Literary Club.

Her program on the Philippines and other Islands included a tour of her home where clothing, jewelry, woven purses, hats of many tribes, and other accessories from Southeast Asia were displayed.

She spoke on the similarities of the women of the western world and the women of Southeast Asia and closed with colored slides of the country and the people.

Mrs. LeCroy, a native of Fort Worth, graduated from Abilene Christian College in 1960 with a major in speech therapy. She and her husband lived in the Philippines from 1962-65 while he was a missionary. She also taught English in a college there.

She emphasized that women everywhere have a common bond, pride in her home and liking lovely things.

Mrs. L. H. McBride, club president, presided. Mrs. Joe Simpson gave the opening prayer. During the business session members voted to sell plastic placemats with colorful scenes of Texas and a meat cookbook.

Mrs. James Eddie Jay was program director and introduced the speaker. Mrs. Bob Craig gave Federation News.

The next meeting will be Nov. 18 at 2 p.m. in the home of Mrs. E. E. Monkres. A panel discussion will be presented by four women from the Women-In-Concern group.

Mrs. E. D. Perrin Installs LVNA Officers Monday

Licensed Vocational Nurses Association, Div. 73, met Monday evening in the primary cafeteria for a covered dish dinner and installation of officers.

Mrs. E. D. Perrin, R. N., installed Mrs. Fred Teichelman, president; Mrs. L. V. Miller, first vice president; and Mrs. Clifford Stuart, second vice president.

Others attending were Mmes. Clyde Huff, Roscoe Perryman, Cecil Brown, J. W. Scifres, Otha Brown, Rudene Blackwell, D. C. Andrews, W. W. Wallace, and Gus Travis. Members from Stamford were Mrs. Rupert Raley and Miss Mattie Davis.

Guests were Cynthia McMillan and John Scifres.

Wa Ca Ka Camp Fire Girls Work On Requirements

The Wa Ca Ka Camp Fire Girls met Thursday at the Hut to work on requirements for their Wood Gatherer's rank.

Festive Fruit Bread Is Nordic Yuletide Treat

Christmas is the oldest of Nordic festivals, and the Norwegian celebration is steeped in tradition. All Christmas preparations must be completed before St. Thomas' Day, December 21st. During the next two weeks, Norwegians observe the Christmas peace and only the most necessary work is done. The table is always set during this period, and visitors drop in any time for food and drinks.

A traditional sign of yuletide hospitality is a special Norwegian fruit bread known as Jule Kaga. A cardamon-flavored round loaf filled with raisins and candied cherries, Jule Kaga is covered with snowy frosting and decorated with "flowers" of candied cherries and slivered almonds.

This modern version of Jule Kaga is prepared by the Rapidmix Method recently developed by Fleischmann's Yeast. The "no-dissolve" method, Rapidmix treats yeast as a dry ingredient, adding it with the flour, sugar and salt. In addition, initial beating steps are done with an electric mixer for easier preparation and handling.

Home-baked Jule Kaga, attractively packaged on a bread board and decorated with a holiday bow, is a thoughtful hostess gift during the Christmas season. To package, cool loaves completely after baking. Let frosting set, then place bread on a board and wrap loosely in plastic wrap or foil. If desired, box and cover with holiday paper.

Norwegian Jule Kaga, attractively packaged on a bread board and decorated with holiday wrappings, is a thoughtful hostess gift during the Christmas season.

JULE KAGA

- 4 to 4 1/2 cups unsifted flour
1/2 cup sugar
1 teaspoon salt
1 teaspoon ground cardamon
2 packages Fleischmann's Active Dry Yeast
3/4 cup milk
1/2 cup water

- 1/2 cup (1 stick) Fleischmann's Margarine
1/2 cup seedless raisins
1/4 cup chopped Planters or Southern Belle Blanched Almonds
1/4 cup chopped candied cherries
1/4 cup chopped candied citron
Confectioners' sugar frosting

In a large bowl thoroughly mix 1 1/2 cups flour, sugar, salt, cardamon and undissolved Fleischmann's Active Dry Yeast.

Combine milk, water and Fleischmann's Margarine in a saucepan. Heat over low heat until liquids are warm. (Margarine does not need to melt.) Gradually add to dry ingredients and beat for 2 minutes at medium speed of electric mixer, scraping bowl occasionally. Add 1/2 cup flour, or enough flour to make a thick batter. Beat on high speed for 2 minutes, scraping bowl occasionally. Stir in enough additional flour to make a soft dough. Turn out onto floured board; knead until smooth and elastic, about 8 to 10 minutes. Place in greased bowl, turning to grease top. Cover; let rise in warm place, free from draft, until doubled in bulk, about 1 hour and 15 minutes.

Punch dough down; turn out onto lightly floured board. Knead in raisins, Planters or Southern Belle Blanched Almonds, candied cherries and citron until evenly distributed. Form into round ball; place on large greased baking sheet. Cover, let rise in warm place, free from draft, until doubled in bulk, about 1 hour.

Bake in moderate oven (350° F.) 50 to 60 minutes, or until done. Remove from baking sheet and place on wire rack to cool. When cool, frost with confectioners' sugar frosting. If desired, garnish with Planters or Southern Belle Sliced Almonds. Makes 1 large round cake.

Little Yule Cakes:

Prepare dough as directed above. Punch dough down; turn out onto lightly floured board. Knead in fruits and nuts. Divide into 16 equal pieces. Shape each into ball; place 3 inches apart on greased baking sheets. Cover; let rise in warm place, free from draft, until doubled in bulk, about 1 hour. Bake in moderate oven (375° F.) about 25 minutes, or until done. Remove from baking sheets and place on wire racks to cool. When cool, frost with confectioners' sugar frosting. If desired, garnish with raisins, candied fruit or Planters Nuts. Makes 16 individual cakes.

Women In Concern To Meet Monday

Women - In - Concern will meet at 7:30 p.m. Tuesday, Nov. 11, in the library of the new high school building.

Mrs. Joe Youngblood will be director of the meeting and a special presentation has been planned. Debra Lee, sophomore high school student, will give a book review, "Five Smooth Stones," by Ann Fairbairn.

All women are invited to attend. Mrs. Joe Wayne Carter will be hostess.

Lo Cal Club Meets At Library Tuesday

Mrs. Roy Embrey presided for the Tuesday evening meeting of the Lo Cal Club in the absence of the president and vice president. The group met at the Harden Memorial Library.

A kitchen shower was decided for the November queen contest. The group voted to send one dozen Christmas gifts for children at Abilene State School.

Others present were Mmes. Vernon Johnson, Don Drummond, E. J. Rowland, Eddie Hopper, and Henry Downey. The club meets at 7:15 every Tuesday at the Library.

JC-ettes to Meet

Kathryn Cawley, Lone Star Gas Home Economist, will be the guest speaker for the Jaycee-ette meeting tonight (Thursday) in the home of Mrs. Muri Don Smith, Club president.

Mrs. Cawley will present preparation of Christmas Party Foods.

Mrs. Jimmy Hale will be co-hostess.

LOUISA'S LETTER

Dear Louisa,

I am a sixteen year old girl and several nights ago I had a date with a boy I go with a lot. He said he had some new records so after the movie we went to his house. His parents were not at home but I know how to behave so I stayed on and we played the records and had something to eat out of the refrigerator. But the bad part of the whole thing was that he had some pictures he wanted me to see and the album was in the bedroom so we were sitting on the side of the bed looking at these pictures when his parents came home. They saw my coat in the living room and called to us and when we came out of the bedroom they both looked like they had been struck by lightning. His mother told her son to take me home and I have been in the doghouse ever since.

Why do grown-ups think the word of young people. We weren't doing anything wrong but were just having a good time.

Judy-N.J.

Answer: Unfortunately, Judy, we not

only have to be good but we have to be careful not to get in positions that cause us to look bad or to give people the chance to criticize our actions. You are very young and should be careful of your reputation. On that occasion when you found your friend's parents away from home you should have told him that you would come back another time when they were there. And you certainly should not have come up into his bedroom. If he had brought the album down in the living room and the two of you had been looking at the pictures there when his parents came home there would have been no unpleasant scene.

There are many young people of today who are immoral and there is so much publicity in the news media given to sex and immorality that people are quick to suspect even the most innocent young people if they are indiscreet. So be careful.

Louisa

Address your letter to Louisa, 130 Third St., S.E., Washington, D.C. 20003

ABOUT YOUR HOME

Why not begin using more gelatine cookery in your menu? Gelatine is tasteless and colorless-but these qualities are actually often the most valuable ones. It makes it possible for you to make use of the taste, texture and color of almost every other food. Gelatine offers a means of giving form to such foods as beaten eggs and whipped cream.

Gelatine dishes can be served at any point in a meal. There are jellied hors d'oeuvres, soups, salads, mousses, aspics, and many kinds of desserts.

Gelatine can help you beat high prices by extending your supply of expensive food so it serves more people. Also, gelatine is a protein and for this reason is a much better meat extender than a starch or cereal.

Gelatine dishes may be reduced to five basic types:

1. Basic clear jelly.
2. Air beaten into clear basic jellies. These are whips.
3. With air and beaten egg whites beaten in. These are sponges and snows.
4. With an egg base. These are Spanish Cream or Chiffon Pie Filling.
5. Whipped cream base. Often combined with milk to make Blanc Mange or Mousse, Parfait or Bavarian Cream.

Since gelatin is both tasteless and colorless, it is very important to use enough flavoring and color. Remember that the tomato juice, fruit juice, wine, milk or what ever you use for taste in a gelatine dish must taste just right before the gelatine is added. Gelatine will not change the flavor at all.

The same harmony and contrast important in any food mixture should be carefully followed when making a jellied dish.

Shirts with jumpers and with pants vary from the befrilled numbers to the very mannish style shirt. A favorite with the pants and sleeveless bodice is the shirt with high collar and French cuffs. A knotted tie is worn with the buttoned down collar.

The girl who likes a feminine touch with her long pants wears a blouse with ruffles down the front and ruffles around the cuff.

Although the hair stylists approve of curls many youngsters loath to part with their long locks.

Camp Fire Girls To Attend Dyess School Day Affair

The A O Ya Ki Ya Camp Fire Girls made plans to attend the Dyess Air Force Base annual School Day to be held in Abilene Saturday. Top feature of the special day at Dyess will be the Thunderbirds.

The girls made gifts for hospital patients and will deliver them next Monday at their regular meeting. The girls also elected new officers for the month. Elected president was Donna Pyron, vice president, Cindy Jenkins; secretary, Melinda Johnson, and reporter, Sue Ellen Waggoner.

The girls will baby-sit for the P-TA meeting today with Mrs. Pat Pyron as guardian. Baby sitting for this meeting will be Lois Fay Cork, Debbie Tugwell, Sue Ellen Waggoner, Melinda Johnson, Toni Haraghty, Donna Pyron, Carrie May and Cindy Griffin.

The group leaders said that they will need three mothers to assist with the girls on the trip to Dyess Saturday. One of these will need to drive. Permission slips will be sent out Friday that have to be signed and returned with the girls Saturday morning. The girls will need to bring their own money for lunch.

Refreshments for the Monday meeting were furnished by Mrs. Clifford Green and Mrs. Francis Schneewis.

Cotton fiber "breathes."

TV COMMENTARY

ROBERT VAUGHN, late of "The Man From Uncle" was in Czechoslovakia when that country was invaded by Russia. He was one of the first making the movie "The Bridge at Remagen." He said the Russian soldiers seemed very young and surprised that they were not welcomed by the natives as they had been told they were to help the Czechs repel an invasion from West Germany.

MANY FORMER STARS are embarrassed when their old movies are televised and well they might be in some cases but James Stuart is not one of them. If the film is fairly good it must be rather nice for a middle-aged man or woman to see how they looked twenty years before.

MILTON BERLE is a non-drinker but he smokes a number of cigars every day. He is scheduled to do a Broadway show, opening in December, as a character far removed from the trash image he has portrayed on television.

THE FIRST OF FOUR National Geographic Specials was shown on October 23rd and it was an interesting and beautiful film. Viewers observed volcanoes in eruption on Hawaii, fossils at Dinosaur Monument, the wonders of the Grand Canyon and of the Everglades. This first special was entitled "The National Parks" a part of America's wonders.

KATE SMITH is in demand for guest appearances. She will be seen twice in November on the "Smothers Brothers' Show"

on the 10th and on the "Jonathan Winters' Show" on the 27th. She is also due to visit the Rowan and Martin "Laugh-In" on December 16th.

ON NOVEMBER THE 17th the first of a three part series on Jewish people called "New Roots for the Uprooted" will be seen over NBC.

CBS WILL TELEVISION the second of a series on "The Great American Novel" in December. "Moby Dick" will be the novel discussed at this time.

BIBLE VERSE

"Thou shalt not take the name of the Lord thy God in vain; for the Lord will not hold him guiltless that taketh his name in vain."

1. Of what well known document is this statement a part?
2. By whom was it given?
3. To whom was it given?
4. Where may it be found?

Answers To Bible Verse

1. The Ten Commandments.
2. By God.
3. Through Moses to the children of Israel and succeeding generations.
4. Exodus 20:7.

Mr. and Mrs. Richard Kemp Robertson of Eunice, N. Mex., are parents of a boy, Richard Andrew, born Oct. 23 at 8:12 p.m. weighing 6 lbs. 8 oz. The mother is the former Elsie

Recipe of the Week

By Sarah Anne Sheridan

The most simple dish can be made glamorous as well as delicious by using the right sauce. Here are some delightful fish sauce recipes.

Tartare Sauce

- 1 t. minced onion
- 2 t. chopped sweet pickle
- 1 t. chopped green olives
- 1/2 t. minced capers
- 1 t. minced parsley
- 3/4 c. mayonnaise
- 1 t. tarragon vinegar

Drain first five ingredients thoroughly and fold into mayonnaise. Add vinegar. Serve with fried fish.

Egg Sauce for Boiled Fish

- 1 T. butter
- 1 T. flour
- 1 c. hot fish stock
- 1 egg yolk

Melt butter, add flour and hot fish stock. Remove from heat and pour gradually over the beaten egg yolk. Pour white hot over boiled fish and garnish with parsley.

McComack, daughter of Mr. and Mrs. A. T. McComack.

Mr. and Mrs. Jerry Wayne Gablebreath of Stamford are parents of a boy, Tommy Wayne, born Nov. 1 at 7:45 a.m. He weighed 4 lbs. 14 oz.

Mr. and Mrs. Roger Todd Moore are parents of a boy, Todd Lee, born Nov. 1 at 8:10 p.m. He weighed 7 lbs. 4 oz.

Mr. and Mrs. Alberto R. Hernandez are parents of a girl, Rosemary, born Nov. 2 at 5:55 p.m. She weighed 6 lbs. 12 oz.

HAMLIN

STAMFORD

FROM THE FILES . . .

FIFTY YEARS AGO (November 9, 1917)
Monday morning Rev. J. H. Hamblen, pastor of the Methodist Church, returned from Memphis where he had spent the past week attending the annual Conference. We are glad to learn that he was re-assigned to this place.

Mrs. E. M. Wilson was hostess at her home, to the Woman's Literary Club on Friday afternoon Nov. 2, from three till five o'clock. After a short business session, the club was entertained by a splendid record on the Victrola and a delightful social hour was enjoyed by all.

After considerable loss of time and enthusiasm the Chapter for the Hamlin Red Cross has been granted. A committee went to Anson Tuesday to get an agreement on the part of the county for each of the three Chapters. The county has been formally sectioned to Hamlin, Anson, and Stamford.

For the last few weeks several car loads of stock, including cattle, horses and mules have been in the pens here awaiting cars for shipment. Since the extreme drouth has caused the scarcity of grass and feed hundreds and hundreds of cars of stock have been shipped out to market or to other pastures. This and heavy shipments in other parts of the country has brought on a car famine.

TWENTY-FIVE YEARS AGO (November 5, 1943)
Correction: Lastweek the Herald did not list correctly the Rodeo Directors. It should have been Dave Herbst, John R. Brown and Johnnie Hines.

The Junior Literary Club met in its first regular meeting of the year in the home of Mrs. Bob Campbell. New members, Eloise Binnicker, Betty George, and Mildred Carson, were elected.

The Shell Pipeline Corporation entertained their employees Saturday evening with a barbecue supper at the Shell Station, north of Hamlin.

The supper was served cafeteria style from a table centered with chrysanthemums and autumn leaves.

Other guests were Messrs. Blackstone and Green of the Highway Patrol, who both made talks, and Ray Huling, Hamlin Fire Marshal.

McCauley--The school carnival was quite a success. Something over \$200 was realized from the Queen's race. Charlene Mustain, daughter of Mr. and Mrs. C. A. Hone, was crowned of McCauley by her escort, Holman Boyd.

Friday night at 8:00 o'clock the Victory Club will have a box supper at the Hitson School. Proceeds will

go to the National War Fund.
The Rev. James E. Harrell, pastor of the Methodist church, will leave Tuesday of next week for the Annual Conference in Lubbock. He is closing his third year as pastor here.

TEN YEARS AGO (November 6, 1958)
Methodist Youth Fellowship members of First Methodist Church collected \$120 for CROP. Christian Rural Overseas Program in a little over an hour Sunday afternoon.

Oil operations this week moved onto Hamlin's front porch as a new wildcat was spotted Monday just outside the south city limits of the town on the Jack A. Harden tract just east of the Hamlin Drive-In theatre.

Despite colder and drizzling weather that has persisted the last few days, in the Hamlin territory, two major highway projects have gotten underway by two contracting firms. Totaling nearly \$900,000, the jobs include relocating and widening of Highway 92 from Hamlin to Stamford, and 9.4 miles of new farm-to-market road toward Old Glory.

Each year the McMurry College Band of Abilene is host to several bands of this area in a half-time performance. This year the majorettes of the Pied Piper Band were selected to twirl with them.

Wyvonne Conner, Judy Parker, Peggy Killion, Martha Gage and Brenda Fincannon, Pied Piper majorettes, performed at the half-time Monday night with several other majorettes.

Libby Johnson was selected to play with the band.

Shortage of transient labor in the area has been a factor in the late gathering of the cotton crop. Farmers are paying \$2 and \$2.25 per 100 pounds for cotton delivered to the gins here.

Practically all business houses of Hamlin will observe next Tuesday, Nov. 11, as a holiday in commemoration of Veteran's Day, according to the Hamlin Board of Community Development.

Hamlin schools will not observe the holiday, reports Supt. C. F. Cook, who points out that a lengthy holiday period will be taken for the Thanksgiving observance.

Even the final decision of war is not to be regarded as absolute. The conquered nation often sees it as only a passing evil, to be repaired in after times by political combinations.
--Carl Von Clausewitz.

This solemn moment of triumph, one of the greatest moments in the history of the world . . . is going to lift up humanity to a higher plane of existence for all the ages of the future.
--David Lloyd George.

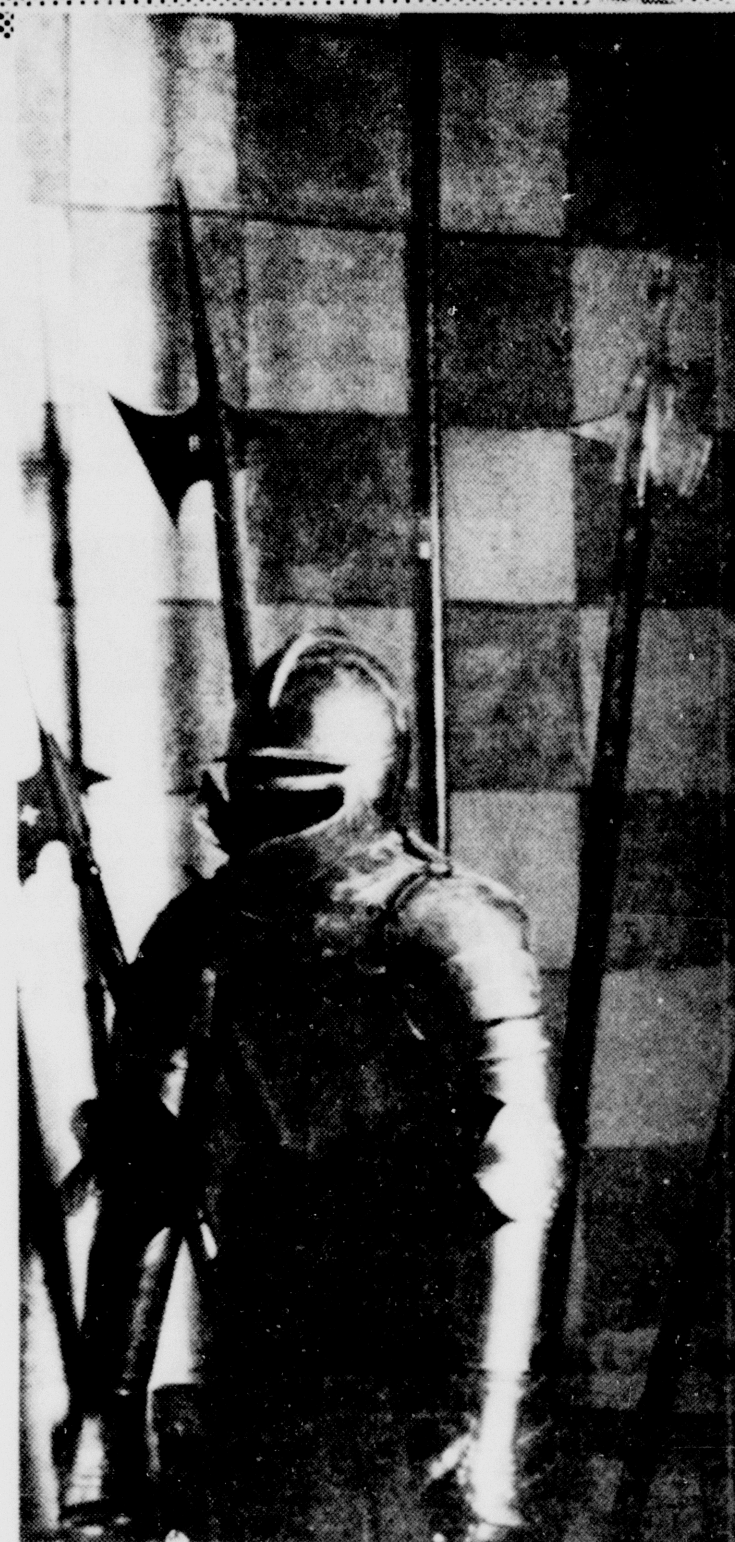

Put on the Full

Armour

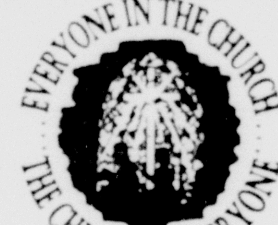

"Wherefore take unto you the whole armour of God" . . .

In Paul's letter to the Ephesians, he makes a comparison of the children of God and warriors. He says that our loins should be girt about with truth, and having on the breastplate of righteousness. He makes many more comparisons that exhort us to a proper life. Another thing that Paul urges is that we gather together and worship the Lord. No part of our armour is greater than regular church attendance. Much strength for the week is derived from worshiping with others.

Complete your suit of armour . . . attend church this week.

The Church is God's appointed agency in this world for spreading the knowledge of His love for man and of His demand for man to respond to that love by loving his neighbor. Without this grounding in the love of God, no government or society or way of life will long persevere and the freedoms which we hold so dear will inevitably perish. Therefore, even from a selfish point of view, one should support the Church for the sake of the welfare of himself and his family. Beyond that, however, every person should uphold and participate in the Church because it tells the truth about man's life, death and destiny, the truth which alone will set him free to live as a child of God.

Coleman Adv. Ser.

THE HAMLIN HERALD

"Whatsoever Things"

By DONALD E. WILDMON

He said you didn't care. Said you didn't give a flip. Said nobody read anything like this anymore. Said it was a waste of my time and the space it took in the newspaper. He said I couldn't find a hundred people who would care enough to say they read this column.

You know, I got to thinking about that. What if he was right? What if people don't care anymore? What if nobody reads anything like this column anymore? What if those of us who are followers of the Nazarene don't care enough to occasionally let someone know where we stand?

His whole basis was that while a few may glance across a column like this and read it if the occasion permits, they don't care enough to do anything about it. They don't really care if such a column as this appears in the paper or not. He was saying that people may still cling to the Way of the Galilean Carpenter and like to read such a column as this, but that following the Carpenter doesn't make enough difference in their lives for them to pick up a pen and let their feelings be known.

I let it soak in for you can't lightly dismiss such a thought as that. I mean, you work and spend and try to do something that people would appreciate and you never know if it matters or not. For isn't the great danger today one of apathy? That is,

not caring enough to do something. I saw in the paper recently where more than 20 people stood by and watched two young men kill each other in a fight and not a single person lifted a finger to stop them.

Maybe he is right. Maybe we care only to the point where it means we have to do something. Maybe we don't even care enough to let our feelings be known.

Well, I decided that the only way to see if he was right or not was to put it to the test. For we who have decided His Way is best aren't afraid of battles. We aren't afraid of a test.

I told him we would put it to the test. We would ask those who read this column, and cared enough, to write and tell us so. For this is the only way we will ever know if he is right or not. We told him that we thought those who follow the Fisher of Men haven't changed, that they still cared. We told him his number was far wrong.

So we are asking you to show him, and all others like him, how wrong he is. If it does make a difference with you, drop us a note of some kind. It will be a vote against his theory. Our address is Donald E. Wildmon, Box 1368, Tupelo, Miss. 38801.

We think he is wrong, but he just could be right. I guess the answer depends now on what you do--or can't do. --FIVE STAR FEATURES

Neinda Philosopher Gets His Mind Off Politics Only to Be Thrown By New Teaching Idea

Editor's note: The Neinda Philosopher on his Johnson grass farm on Route One apparently is having a hard time getting into the computer age, his letter this week indicates.

Dear editor:

I was out here on this Johnson grass farm trying to recover from the election — a neighbor asked me if I thought the next President will have all the answers and I told him I don't know, personally I don't even know what most of the questions are — and to get my mind cleared I picked up a newspaper I'd been saving and got over to the inside pages away from the campaigns and ran into an article that certainly got my mind off of politics.

J. E. Beard, 73, Dies At Houston, Rites Here Monday

Services were held here Monday at 2 p.m. in the Hamlin Church of Christ for J. E. Beard, 73, who had lived southeast of Hamlin since 1907. He was a retired carpenter and stock farmer.

Mr. Beard died at 9 a.m. Saturday at Houston where he had been hospitalized for one week. He had been ill for three weeks.

Officiating ministers were Douglas LeCroy, Church of Christ, and Rev. Cecil Hardaway, pastor of the First Methodist Church. Burial was in Afton Cemetery in the Hamlin Community.

Born Oct. 6, 1895, he was the son of the late Mr. and Mrs. Eddie Beard. He was married to Gillie George at the Round Top Community May 7, 1922.

He was a member of the Methodist Church and a veteran of WW I.

Survivors include his wife; one son, Lindol Beard of Slaton; one daughter, Mrs. Vesta (Bernice) Townley of Hawaii; one brother, Turner Beard of Snyder; one sister, Mrs. A. G. Griffin of Oklahoma; and six grandchildren.

Pallbearers were Weldon Johnson, Norman Carlton, Bob Tegart, Jack Townley, Lee Decker and Julius Decker.

professor told the National Academy of Science that teaching as it's done today will soon be out of style, that computers will be used to teach children, saying that a computer for example can "teach such a basic skill as mathematics in one-tenth the time and at half the cost now required." He went on to say that "computers will monitor each student's progress minute by minute, correcting mistakes immediately. It'll flash right or wrong to each answer as it is given."

I have been thinking this over and have concluded the professor hasn't gone far enough. Instead of substituting computers for teachers, why not go one step further and substitute computers for students?

If you've got a computer that knows all the answers to all the problems of math and can give them to you in one one-thousandth of a split second, and on top of that doesn't wear out shoes or need braces on its teeth or listen to phonograph records or tie up the telephone, haven't you got what you're looking for? What's the point in running the same stuff through some kid's mind?

At his best, the kid can get up to 12 times 12, whether taught by man or machine, but how many can tell you what's 12 times 13? Why not skip teaching kids math and teach them how to oil a computer, change its fuses, and punch the right buttons? Teach them how to protect the passer, give them a computer for graduation, and they're on their way.

Here's a machine they claim knows all the math there is, so let's leave it in charge in that field and work on one that can do the same with history, literature, science, etc.

By the way, is 12 times 12 154 or 164? I never can remember.

Yours faithfully,
J. A.

Rev. Dan Jones, Former Minister Here Dies Oct. 29

Rev. Dan Jones, retired Nazarene minister, died at 11:05 p.m. Oct. 29 in West Texas Hospital in Lubbock after an extended illness.

Rev. Jones, a Nazarene minister for 42 years, served churches in Kansas, Missouri, Texas and New Mexico, until his retirement in 1962. He was pastor of the Swedonia church while living in the Hamlin area from 1939 to 1946.

Funeral was held in Lubbock at the First Nazarene Church Oct. 31 at 3 p.m.

Survivors include his wife, Ouida; two daughters, Mrs. Bess Oliver of Albuquerque and Mrs. Sue Reynolds of Pasadena, Calif.; one son, Dan C. Jones of Houston, seven sisters and nine grandchildren.

Honorary pallbearers were pastors in the West Texas area.

Attending the funeral from Hamlin were Rev. Marshall Stewart, Mr. and Mrs. Raleigh Reynolds, Mrs. Steve Reynolds, Mr. and Mrs. M. S. Johnson, Mr. and Mrs. Richard Young Jr., Miss Odean Murphree, Mrs. Floyd Hallmark and Mrs. R. M. Young.

ond, and on top of that doesn't wear out shoes or need braces on its teeth or listen to phonograph records or tie up the telephone, haven't you got what you're looking for? What's the point in running the same stuff through some kid's mind?

At his best, the kid can get up to 12 times 12, whether taught by man or machine, but how many can tell you what's 12 times 13? Why not skip teaching kids math and teach them how to oil a computer, change its fuses, and punch the right buttons? Teach them how to protect the passer, give them a computer for graduation, and they're on their way.

Here's a machine they claim knows all the math there is, so let's leave it in charge in that field and work on one that can do the same with history, literature, science, etc.

By the way, is 12 times 12 154 or 164? I never can remember.

Yours faithfully,
J. A.

Former Hamlin Police Chief, K. S. Miles Dies Oct. 25

K. S. (Jack) Miles of Murray, Ky., former Chief of Police of Hamlin, died at 2:30 p.m. Oct. 27, at the Murray-Calloway County Hospital. Services were held Sunday at 2:30 p.m. at the chapel of the J. H. Churchill Funeral Home.

Mr. Miles was 70 years of age and his death followed an extended illness.

Survivors include his wife, Mrs. Dorothy Wilcox Miles of Murray Route Five; one daughter, Mrs. Earl (Carolyn) Thomas of Owensboro, Ky.; four sons, Billy Jack Miles of Houston, Gene Miles of San Juan, Puerto Rico, Bob Miles, Murray Ky., Keith Miles of Fort Worth; two sisters, Mrs. Cozy Myers of Murray and Mrs. Mary Darnell of Niles, Ohio; and nine grandchildren.

Mr. and Mrs. Placido Solis Jr. are parents of a girl, Tamatha Rose, born Nov. 2 at 2:46 p.m. She weighed 8 lbs. 13 oz.

AUSTIN — Texas' first bilingual education plan designed to curb the school dropout rate and provide better teaching for 50,000 children has been cleared for action.

Fifteen-member advisory committee approved a plan as drawn by the Texas Education Agency task force.

Dr. Severo Gomez, director of TEA International and Bilingual programs, said the high dropout rate among Spanish-surnamed pupils is largely due to traditional instruction methods.

New statewide plan would enable young pupils to learn their lessons in Spanish until they get thorough grounding in English.

At the same time, it seeks to teach English-speaking children to be fluent in Spanish as well.

Federal government has allocated \$7.5 million for bilingual education programs, and Texas is due to get a substantial share early next year.

REGIONAL PLANNING — U. S. Department of Housing and Urban Development has given Gov. John Connally's office its National Award for Outstanding Contributions to Intergovernmental Relations.

HUD Secretary Robert C. Weaver commended Connally, saying his regional-planning programs are "indicative of how initiative, cooperation and sound program execution can improve the living environment of our citizens and meet the challenge of urban growth."

Connally released a directory of councils of governments and regional planning commissions, revealing that assistance by the state for regional-planning in the last fiscal year was in excess of \$17 million to voluntary associations of local governments which serve three-fourths of the state's population.

Currently, there are 20 active COGs in the state, and they cover 101 counties, 277 cities, 72 school districts and 51 special districts.

LIQUOR IMPORTATION Texas Liquor Control Board is launching a new program of public information, figuring that if the average citizen is well informed, he'll stay out of trouble more.

One new area is educating persons heading for Mexico. This will be in the form of letters handed out at all likely spots, telling the visitor that, when he returns, he can bring back only one quart of liquor every 30 days, and Texas law requires a tax of 42 cents per quart.

Emphasized will be the state law against importation or even possession of any liquor container of less than one-half pint. This prohibits the mini-bottles which many tourists try to bring back as souvenirs.

NEW BOTTLE CLUB PLAN DRAWN — Liquor Control Board staff has drawn another new set of rules for conducting private bottle club business which soon will be subjected to public hearing.

While rules of last February sought to tighten guest card distribution and eliminate cash sales of mixed drinks, this latest revision is not so strict. It will not deal with controversial guest card and cash sale issues which are still under court challenge.

Rules would require a minimum of 25 members to form a club and provide that new members be approved by a membership committee.

COURTS SPEAK — In a key labor case, Texas Supreme reversed the Beaumont Court of Civil Appeals and dissolved a temporary injunction which had halted picketing by the millwrights' union at Owens-Illinois' plant in Orange.

High Court denied a rehearing sought by a Waco man who unsuccessfully filed a defamation case when Sears, Roebuck posted his name on a hot check list.

In line with the U. S. Supreme Court Witherspoon decision prohibiting automatic exclusion from capital case juries of those who object to the death penalty, Court of Criminal Appeals reversed two Texas death penalty cases and affirmed two others.

Conviction of an Abilene man for violating the state securities act was reversed by Court of Criminal Appeals

which earlier had upheld the trial court finding.

POLICE TRAINING PUSH ON — War on crime efforts is proceeding on many fronts. Many center around improvement of police training.

Sam Houston State College at Huntsville is pushing for recognition as the site of a statewide police academy.

Unless a statewide academy is created, says Sam Houston College President A. B. Templeton, 30 to 40 local academies soon will be started with federal funds. He proposes to build facilities between Sam Houston and the penitentiary at Huntsville with convict labor and materials produced at the prison at a cost of about \$2 million. Federal government would be expected to pay half that cost.

Mrs. Melvin Scott Attends Seminar In Big Spring

Mrs. Melvin Scott, secretary at Celotex Corporation attended the Big Spring Chapter National Secretaries Association Seminar held Saturday at Howard County Junior College.

Included on the program was use of microfilm in filing, the office of today and tomorrow, and the importance of research by big business corporations to the small business man who subsequently provides the marketing outlet for the products of this research.

Mrs. Scott said that efforts are being made toward chartering an Abilene Chapter for all secretaries in the Big Country who would be interested, and to encourage participation in the Certified Professional Secretaries examination for better advancement and education in the specialized field.

Revival services will be held at the First Baptist Church Nov. 18-Nov. 24 with Rev. Glen Edwards, pastor of the Broadmoor Baptist Church in Baton Rouge, La., as the evangelist.

Experiment Station Reports Cotton Burs Increase Lint Yields

Raise your cotton lint yields by 27 lbs. per acre! Sounds impossible? Then listen to these figures from the Texas Agricultural Experiment Station at Lubbock: In a 1-year study, the use of cotton burs on dryland cropland increased lint yields by an average of 27 pounds per acre, and the residual effect increased yields by 28 pounds per acre for 5 years.

Why is this so? Because water is often the limiting

factor in crop production in this part of Texas, cotton burs and other organic residues will increase the soil's ability to take and hold moisture. Soils to which cotton burs have been added are also more resistant to wind and water erosion.

With cotton burs, you get an extra bonus in the form of fertilizer. Each ton of burs contains nitrogen, phosphorus and potassium in amounts worth about \$7.65. This alone will add up to several times the cost of the burs.

A common question raised by farmers is: "What about weed seed in the burs?" Research has shown that the number of weed seed coming with burs likely will never equal the number from other sources, such as tillage implements, combines, and wind-water movement. Also, today's harvesting and ginning methods tend to reduce weed seed carried by burs. Over a six-year test period, no difference in weed infestation showed up in the bur-treated and untreated areas.

Mrs. W. O. Willbanks and Mrs. W. L. Hunter Jr. won first place Tuesday night at the regular meeting of Hamlin Duplicate Bridge Club. Mrs. Jack Russell and Mrs. Eugene Knabel were second with Mrs. G. W. Comegys and Gene Knabel third. The Club meets on Tuesday night at the Jaycee Community Building. The meeting time has been changed to 7 p.m.

Mrs. Bob Murff To Attend Showing

Mrs. Bob Murff will be in Lubbock for the exhibition of paintings by the French artist, Jean Richard, Nov. 10-26. The showing will be in the art gallery of the West Texas Museum.

Sunday afternoon the presentation of a portrait by the artist to Congressman George Mahon will be made.

Mr. and Mrs. Murff met the artist while living in Dallas and they have become good friends.

John Allen Clark, featured speaker on the Herald of Truth radio program, will be conducting a meeting in Anson Nov. 10-13 at 7:30 each evening at the Church of Christ.

Pipers Win Defensive Battle With Anson Here Friday, 7-0

A first down quarter pass interception by Robert Bolden set up a Pied Piper touchdown that gave the Pipers their second district win of the season as they downed the Anson Tigers 7-0 here Friday night.

Failing to get their offense going, the Pipers played a tight defensive game, aided by a strong punting game, to keep the Tigers scoreless. The Pipers averaged 41 yards on seven punts by Charles Shira and a 49-yard quick kick by Gary Smith to keep the Tigers in trouble.

Three pass interceptions and one recovered fumble played a large part in controlling field position for the Pipers.

Failing to make a first down after the opening kickoff, the Pipers punted out to the Anson 47. On third down, Bolden, from his safety position, picked off a Jim Rye pass on the Hamlin 40 and returned it to the Anson 24. At this point the Tigers were penalized back to their 12-yard line.

Tailback Spencer Ford carried into the line four times with the first carry picking up eight yards and the final plunge good for three and the touchdown. Quarterback James Asher kicked the point-after and the Pipers led 7-0 with just over eight minutes left in the first period.

After an exchange of punts, the Pipers intercepted another Tiger pass. This time it was Linebacker Gary Smith coming up with the ball at the Anson 29 and returning it to the 18. The Pipers moved down to the Tiger 10 but on fourth down Asher was thrown for a seven yard loss trying to pass.

Following this series, the Tigers put together their only serious threat of the night as they drove from their 17 to the Hamlin seven in 12 plays. But with a first and goal on the seven, the Tigers fumbled

STORY IN FIGURES

Anson	0 0 0 0 0

with Smith coming up with the ball on the nine.

The two teams exchanged punts for the remainder of the first half.

The Tigers punted following the second half kickoff

and the Pipers drove from their 47 to the Tiger 17 in nine plays and on fourth down Asher tried a 35-yard field goal but it went wide.

The ball was punted back and forth as neither team could put together an offensive drive until late in the contest when the Pipers took over at midfield with only minutes left in the game.

The Pipers picked up four first downs with the aid of two Anson penalties to use up most of the time left on the clock and put the Tigers back on their own 10-yard line. The Tigers had time for two pass plays and a final running play as the game ended.

Hamlin High Happenings

Piper Patter

by Beth Craig
Patty Cowan
Mary Wallace

Politics at HHS reached their peak Tuesday, when registered students voted just as they would if they were 21. Students voted for national and state officials, and on the 14 constitutional amendments.

Richard Nixon won the presidential race with 44 votes. Hubert Humphrey and George Wallace trailed with 41 votes each.

The Civics Class held mock legislative sessions this week. The House of Representatives met Monday with Beth Craig serving as Speaker; Patty Cowan, clerk; Mike Young, majority floor leader; and Jane Hymer, minority floor leader. Jackie Williams, Patti Murphree, Jo Lynn Johnson and Mike Brown were authors of bills and resolutions.

When the Senate met, Pat Perrin acted as President. Cheryl Walton, Gil Lain, Sharon Townley, John Hix, Sandra Payne and Sally Young wrote bills and resolutions for the Senate.

The Hamlin Future Homemakers of America Chapter met Monday night in the library with Gil Lain as the guest speaker.

During the business session Beth Craig was selected as Miss FHA for the month of November.

FHA members also voted for the FHA Beau and Miss FHA of the year. These will be announced at the FHA Beau Night Banquet to be held in February.

The Hamlin Student Council will serve as host for the Oil Belt Student Council Association District II fall meeting Saturday. Students from 20 area schools will be attending the all day meeting. Coach Merrill Green of Cooper High School, Abilene, will be the guest speaker.

The District officers are: President, Cooper High School, Pete Baldwin; vice president, Stamford High School, Gary Grissom; secretary-treasurer, Hamlin High School, Beth Craig and Mike Young; and parliamentarian, Anson High School.

Hamlin will be running for vice president of the district.

The Pipers rolled over the Anson Tigers 7-0 Friday night in Piper Stadium. The Pipers will travel to Stamford Friday to battle the district leaders, the Bulldogs.

Hamlin's Junior Varsity defeated Anson 8-0 Thursday. The Junior Varsity will play Haskell here Thursday night.

Deer, Turkey, Quail Season Opens Saturday

AUSTIN — The best hunting prospects in years face hunters this year when the season on deer, turkey, and quail opens Saturday (Nov. 9), in many counties of Texas.

Hunters are urged to check their 1968-69 Texas Hunting Guide to find out what seasons start when and where.

Texas has more than three million deer and approximately half the entire wild turkey population in the United States.

Reports from all over the state indicate an excellent quail crop.

Other seasons have ended or will be ending soon. The season on rails and gallinules closes Nov. 9, and the mourning dove season in the North Zone and the white-winged dove season are closed. The mourning dove season in the South Zone ends Nov. 19 except in the counties which had a white-winged dove season where it ends Nov. 15.

But the major part of the hunting season is still ahead. The goose and sandhill crane season is in full swing, and the magic date of Dec. 14 is finally looming into sight for duck hunters.

EARNs SCHOLARSHIP -- Dianna Crowley, a member of the band here for eight years and now in her third year as a Hamlin High School Band majorette, has received a band scholarship at McMurry College in Abilene. She will also be twirling with the band as one of the maidenettes. A senior, she is the daughter of Mr. and Mrs. Bobby Crowley.

Comment On Sports

OLYMPICS

BY PETE FRITCHIE

Washington, D.C. -- The Mexico City Olympic Games were a triumph for American participants and thus the nation. The results, while keeping in mind that this is a meeting of individuals and not a national competition, in a sense, ended Russia's domination of the great international sports event.

In 1960 the Russians dominated the games to a surprising degree and won more medals than participants from any other country. In the 1964 games the Russians also won the greatest number of medals but the United States was high in gold medals.

In the Mexico City games this Russian domination was apparently ended. (In the winter games Russian domination has never been such a strong threat.

Normally speaking, one nation's dominance in the games would cause no problem but

Russian preeminence was used as a propaganda weapon by the Communists and, of course, many felt the Russian entries were, in effect, professionals competing against amateurs.

Interestingly, Russian coaches at Mexico City were embarrassed when one of their number admitted as much unintentionally. Thus the end of Russian domination is a good thing. Before the Russian era, U.S. athletes had captured more gold medals than those of any other nation for years.

While the Olympics is billed as non-nationalistic, and that is the theme, the policy of using each nation's flags and playing the national anthem of the winners in medal presentations certainly keeps the national team idea very much in the minds of competitors.

Early Season Cotton Insect Control Nets Propsis More Yield

Early Season Cotton Insect control for overwintered bollweevils and fleahoppers has resulted in a 25% increase in yield on the Hoke Propst farm (Burleson place) and a 33% increase on the Charlie Propst farm near Truby, according to a report this week from County Agent, Kirby Clayton who help supervise the early season cotton insect control program.

The Propst brothers used 15 lbs. of Sevin dust or 1.5 lbs. of actual sevin material when the cotton was 5 weeks of age or in the pre-square stage and the results were rather encouraging. Hoke Propst said that this was the best crop in 30 years off of the Burleson Place, where the weevils in years past, had destroyed much of it.

Charlie Propst, who lives near Truby has followed the same type early season control program for five years in a row and he says that over this five year period he has consistently increased production by 33% by the use of the program and that throughout the entire period it has resulted in a net profit.

Stuart Propst and Jake Jackson said that the \$1.25 per acre spent on early season weevil control was the best investment a farmer could make in the heavily populated bollweevil areas.

Based upon five straight years of success with this program, County Agent Kirby Clayton feels that every farmer who lives in the weevil overwintering areas should make this practice a part of his regular farming operations.

At the same time Clayton cautions farmers about waiting too late in the season to start the program, thus taking the risk of a heavy bollworm infestation. Timing, says the Agent, is one of the most important parts of the program if one is to be successful. For

further information on the early season control program Clayton invites you to visit one of the farmers who have used it or to drop by his office for a visit.

Army Sgt. Billy Joe Jordan returned home Monday after a year of service in Vietnam. His base camp was Dau Teing in the Saigon area. He flew into Abilene Monday and was met by his wife, Wilma, and children, Billy, 10 and Lisa, 7.
